Tel. +39 345 837 35 78 – robotic-RAB@LT3.it – www.robotic-rab.com

**ROUND TABLE** How can we globalize clinical and technological best practices?  
30' Questions to/from the Audience with all prior speakers

**1st HANDS-ON SESSION (ROTATING GROUPS & RECORDED CASES)**

16.00-16.45

45' Hands-on sessions

15' **OPEN COFFEE BREAK**

**2° SESSION** **HOW DO WE GET ROBOTIC BRONCHOSCOPY REIMBURSED?**

17.00-18.30 Chair: TBD

10' Patient perspective TBD

10' Physician perspective TBD

10' Payor perspective TBD

10' Hospital administration perspective TBD

10' Industry perspective TBD

**ROUND TABLE** Barriers to adoption of Robotics and Navigation: challenges and opportunities

45' Questions to/from the Audience with all prior speakers  
+ selected industry representatives

18.45 Closing remarks first day

**DAY 2**

**FRIDAY JUNE 14<sup>TH</sup> 2024**

TECHNICAL SUITE

**08.15-09.00** Galaxy Tech Suite demonstration  
Ion Tech suite demonstration

PLENARY ROOM

**3<sup>o</sup> SESSION WELCOME BY LOCAL AUTHORITIES**

**10'** Chair: TBD  
Prof. Francesco Castelli – Rector of the University of Brescia  
Dr. Massimo Lombardo – General Director, ASST Spedali Civili di Brescia  
Dr. Simona Tironi – Regional Councilor for Education, Lombardy Region

**4<sup>o</sup> SESSION PRESENT AND FUTURE OF NAVIGATION BRONCHOSCOPY**

**09.30-10.30** Chair: TBD

**10'** Current evidence and future developments of Illumisite platform  
TBD (speaker provided by Medtronic)

**10'** Current evidence and future developments of Archimedes platform  
TBD (speaker provided by Broncus)

**10'** Current evidence and future developments of Lungvision platform  
TBD (speaker provided by Bodyvision)

Organizing secretariat

**LT3 s.r.l.**

**Contact & info: Giulia Russo**

**ROUND TABLE** What is the Navigation platform that is here to stay?

**30'** Questions to/from the Audience with all prior speakers

**10.30-11.15** **LIVE SESSION** from BRESCIA (ROBOTIC CASE)

Kyle Hogarth / Joe Cicenia / Michela Bezzi (1 in OR, 1 in venue, 1 operator)

**15'** **OPEN COFFEE BREAK**

**5° SESSION** **PRESENT AND FUTURE OF ROBOTIC BRONCHOSCOPY**

**11.30-13.00** Chair: TBD

**10'** Current evidence and future developments of Ion platform  
TBD (speaker provided by Intuitive)

**10'** Current evidence and future developments of Galaxy platform  
TBD (speaker provided by Noah Medical)

**10'** Current evidence and future developments of Monarch platform  
TBD (speaker provided by JnJ)

**10'** New robots on the horizon (1)  
TBD (speaker provided by RAB company China)

**10'** New robots on the horizon (2)  
TBD (speaker provided by additional RAB company)

Organizing secretariat

**LT3 s.r.l.**

**Contact & info: Giulia Russo**

Tel. +39 345 837 35 78 – robotic-RAB@LT3.it – www.robotic-rab.com

**ROUND TABLE** How to choose the RAB platform that will stand the test of time?

30' Questions to/from the Audience with all prior speakers

13.00-14.00 **LIGHT LUNCH**

**6° SESSION** **INCORPORATING IMAGING TECHNOLOGIES**

14.00-15.00 Chair: TBD

10' Fixed cone beam CT is a must-have  
TBD (speaker provided by Philips and GE)

10' Portable cone beam CT is the real deal  
TBD (speaker provided by Siemens)

10' Tomosynthesis with ENB and RAB is enough  
TBD (speaker provided by Noah and Medtronic)

10' Augmented Fluoroscopy is all you need  
TBD (speaker provided by Bodyvision)

**ROUND TABLE** Are imaging technologies an adjunct or a replacement for RAB and ENB?

15' Questions to/from the Audience with all prior speakers

15:00-15:30 **RECORDED CASE (1)**

**7° SESSION** **MAXIMIZING THE DIAGNOSTIC YIELD OF TBB/TBNA IN SPN-GGO**

**15.30-16.15** Chair: Stefano Gasparini

- 10'** Does the tool matter?  
TBD (speaker provided by COOK)
- 10'** New tools at our disposal and new tools on the horizon  
TBD (speaker provided by Erbe)
- 10'** Diagnosing without biopsy (optical microscopy)  
TBD (speaker provided by Cellvizio)
- 10'** Do I need a pathologist with AI and automated sample presentation?  
TBD (speaker provided by AQUYRE)
- 15'** **OPEN COFFEE BREAK**

**8° SESSION** **DELIVERING THERAPY**

**16.30-18.30** Chair: Kelvin Lau

- 10'** Percutaneous ablation: what is the preferred modality by the IR?  
TBD (speaker provided by Medtronic or JnJ)
- 10'** Experience with transbronchial MW ablation  
TBD (speaker provided by Medtronic)
- 10'** New horizons in MW ablation technology (1)  
TBD (speaker provided by Endowave)

Organizing secretariat

LT3 s.r.l.

Contact & info: Giulia Russo

Tel. +39 345 837 35 78 – robotic-RAB@LT3.it – www.robotic-rab.com

- 10' New horizons in MW ablation technology (1)  
TBD (speaker provided by Creo)
- 10' Thermal and non-thermal alternatives to MW ablation (1)  
TBD (speaker provided by Galvanize)
- 10' Thermal and non-thermal alternatives to MW ablation (2)  
TBD (speaker provided by Zidane)
- 10' Thermal and non-thermal alternatives to MW ablation (3)  
TBD (speaker provided by Boston Scientific)
- 10' New developments in drug delivery and therapy (2)  
TBD (speaker provided by AstraZeneca)

**ROUND TABLE** Is RAB necessary for therapy delivery? Is there an alternative for CBCT in thermal ablation delivery?

30' Questions to/from the Audience with all prior speakers

18.45 Closing remarks second day
