

International Sublobar Resections & Bronchoscopic Ablation Summit

9th & 10th of January, 2025

PRELIMINARY PROGRAM

DAY 1:

What news / latest evidence / How to do it

8:15 – 8:25

Introduction: SLR and local treatment: competition or complement?

Agathe Seguin-Givelet, Paris, France

Kelvin Lau, London, UK

SESSION 1

Lung Cancer screening and diagnosis

8:25 – 8:35

From back of the envelope to standard of care: the road to lung cancer screening

David Yankelevitz, New York, USA

8:35 – 8:45

AI and Technology Developments for lung cancer screening

Luis Miguel Seijo, Madrid, Spain

8:45 – 8:55

Interventional approaches to tissue diagnosis

Fabien Maldonado, Nashville, USA

8:55 – 9:05

Hands off approach to tissue diagnosis: hype or reality?

Stanislas Ropert, Paris, France

9:05 – 9:15

Do I need a tissue diagnosis before surgery in early NSCLC?

Robert Cerfolio, New York, USA

9:15-9:25

Panel discussion

SESSION 2

What news on sublobar resections?

9:25 – 9:35

Sublobar resection in Asia? Any changes?

Hyun Koo, Seoul, South Korea

9:35 – 9:45

Sublobar resection in Europe? Any changes?

Pascal Thomas, Marseille, France

9:45 – 9:55

Sublobar resection in America? Any changes?

Shanda Blackmon, Houston, USA

9:55 – 10:05

Panel discussion

10H05 – 10h35

BREAK

SESSION 3

What new in bronchoscopic ablation?

10:35 – 10:40

Progress on bronchoscopic ablation from Europe

Kelvin Lau, London, UK

10:40 – 10:45

Progress on bronchoscopic ablation from America

Michael Pritchett, Pinehurst, USA

10:45 – 10:50

Progress on bronchoscopic ablation from Asia

Calvin SZE Hang Ng, Hong Kong

10:50 – 11:05

Panel discussion: What is the future

SESSION 4

How to do it? Understanding and determining margins? (Planification, frozen sections, analyses)

11:05 – 11:20

Planification for sublobar resection – what do clinicians need from engineers?

Stephen Cassivi, Rochester, USA

11:20 – 11:35

Planning software for ablation: what do clinicians need from engineers?

11:35 – 11:50

Ablative energy source: How to choose?

Erik Folch, Boston, USA

11:50 – 12:20

Symposium (Industry Session)

12:20 – 14:00

LUNCH

14:00 – 14:30

Symposium (Industry Session)

SESSION 5

Clinical cases

14:30 – 15:00

Clinical cases on MDT (4 cases)

Pallav Shah, London, UK

Hyun Koo, Seoul, South Korea

Gavin M. Wright, Dublin, Ireland

SESSION 6

How to start a program: What I need as an operator

15:00 – 15:15

Why I want a robot?

Segmentectomy

Marion Durand, Paris, France

For Ablation

Kelvin Lau, London, UK

Do I need a robot for each procedure?: Surgical skills and techno is the key

Agathe Seguin-Givelet, Paris, France

15:15 – 15:20

Discussion

15h20 – 15h45
BREAK

SESSION 7

How to train these techniques?

15:45 – 16:00
How to train VATS/RATS segmentectomy
Tom Routledge, London, UK

16:00 – 16:15
How to train peripheral bronchoscopy?
Janani Reisenauer, Rochester, USA

16:15 – 16:30
Title: Values for formation and fellowships
The Trainer perspective:
Robert Cerfolio, New York, USA
The Trainee perspective:
Dorian Rojas, Rennes, France

SESSION 8

Focus on GGO

16:30 – 16:50
Pure ground glass lesions

- **For sublobar resection: indications**
René Petersen, Copenhagen, Denmark
- **For ablation (bilateral...)**
Calvin SZE Hang Ng, Hong Kong

16:50 – 17:00
Lymphadenectomy for pure GGO: Yes or No
Agathe Seguin-Givelet, Paris, France

17:00 – 17:10: *Discussion*

17:15
End of Day 1
Gala Dinner

DAY 2

8:00 – 8:30

Symposium (Industry Session)

SESSION 9

Challenging situations for SLR

8:30 – 8:45

Pleural invasion or central location for segmentectomies: Do I care?

Shanda Blackmon, Houston, USA

8:45 – 9:00

Margins for sublobar

Karel Pfeuty, Saint-Brieuc, France

9:00 – 9:10

Lymph node dissection during sublobar resections (except pure GGO)

Carlos Galvez, Alicante, Spain

9:10 – 9:20

Technique: Complex segmentectomies tips and tricks

Iliès Bouabdallah, Marseille, France

SESSION 10

Challenging situations for ablation

9:20 – 9:35

Subpleural location or central location for ablation: Do I care?

Kelvin Lau, London, UK

9:35 – 9:45

Ablation for multiples lesions

Calvin SZE Hang Ng, Hong Kong

9:45 – 9:55

Ablating the large lesion

Michael Pritchett, Pinehurst, USA

SESSION 11

Nightmare after sublobar resections and ablation: Sharing experience

9:55 – 10:05

One my worst Complication after ablation

Kelvin Lau, London, UK

10:05– 10:35 – BREAK

10:35 – 10:45

One of my worst complications after segmentectomies

Jean-Marc Baste, Rouen, France

10:45 – 11:00

Complications after segmentectomies: How to manage them?

Marion Durand, Paris, France

11:00 – 11 :15

Complications after ablation: how to manage them?

Alexander Spiers, Exeter, UK

11:15 – 11:25

Discussion

SESSION 12

Technical session (video session)

11:25 – 11:35

Robotic bronchoscopy how to do it

Janani Reisenauer, Rochester, USA

11 :35 – 11 :45

Bronchoscopic ablation how to it

Pallav Shah, London, UK

11:45 – 11:55

Complex segmentectomies of the lower lobe: my tips and tricks?

Agathe Seguin-Givelet, Paris, France

11:55 – 12:05

Complex segmentectomies of the upper lobe: my tips and tricks?

Hyroyuki Oizumi, Tokyo, Japan

12:05 – 12:35

Symposium (Industry Session)

12:35 – 14:00

LUNCH

14:00 – 14:15

Robotic Segmentectomy (S1): steps by steps

Guillaume Boddaert, Paris, France

14:15 – 14:30

Debate – deep and superficial ISP management

Vein First: Hyroyuki Oizumi, Tokyo, Japan

Vein Last : Ilies Bouabdallah, Marseille, France

14:30 – 14:45

Fused fissure: tunel technique

Karel Pfeuty, Saint-Brieuc, France

14 :45 – 15:00

Discussion with audience and experts

SESSION 13

Follow up [case based and interactive]

15:00 – 15:15

Granuloma or recurrences how to manage after sublobar resection?

Hyun Koo, Seoul, South Korea

15:15 – 15:30

Interpretation of post ablation images and management of recurrence

Alexander Spiers, Exeter, UK

15:30 – 15:40

Panel discussion

All speakers Session 10

15:40 – 15:55

Symposium (Industry Session)

15:55 – 16:30

BREAK

Session 14

Challenges of therapeutic adequacy

16:30 – 16:40

Challenges for the pathologist: STAS and pleural invasion by frozen section?

16:40 – 16:50

Assessing ablation during ablation

Kelvin Lau, London, UK

16:50 – 17:00

Panel Discussion

All speakers Session 11

SESSION 15

Future and perspectives

17:00 – 17:10

Enhancing local treatment with Immunotherapy

17:10 – 17:20

Navigation and tumor injections to potentialize SBRT

Erik Folch, Boston, USA

17:20 – 17:30

Oncologist perspectives on the rise of sublobar resections and ablation

Nathaniel Scher, Paris

17:30 – 17:40

Future of sublobar resection and ablation?

Agathe Seguin-Givelet, Paris, France

17:40 – 17:50

Panel discussion

All speakers Session 12

17:50 – 18:00

Conclusion: Take home message

Kelvin Lau, London, UK

End of conference
