

**YASHODA
HOSPITALS**

Cordially invites you to the

4th Annual International Conference

BRONCHUS 2025

Evidence. Innovation. Education.

Venue : HICC - Novotel, Hyderabad

Date : 08-09, February 2025

Organized by : Department of Interventional Pulmonology
Yashoda Hospitals, Hyderabad

RSVP: Mr. Manoj - 984 998 8614

PATRON'S MESSAGE

Technology and Medicine have gone hand in hand for many years and recent advances in technology are paving the way for the future. Consequently, the healthcare industry is changing over time by improving outcomes for both patients and doctors.

Yashoda Hospitals being one of the top hospitals in India, is always focused on implementing latest technologies to cater to the patients in a far more better way. Since ages, we have been active in promoting excellence in medicine by organizing conferences, workshops, and symposia to discuss the latest advances in medicine. As the field of Interventional Pulmonology is rapidly enriching, our organization is also at par with the new Diagnostic and Therapeutic interventions. Department of Interventional Pulmonology at our hospital has world-renowned team of Pulmonologists coupled with the latest technology which provides comprehensive treatment for various pulmonary diseases. We have the best facility in Interventional Pulmonology equipped with Vapor Ablation, Navigation Bronchoscopy, Bronchial Thermoplasty, EBUS, Cryoablation, Tracheobronchial Stenting and much more worth mentioning.

To update upcoming Interventional Pulmonologists exclusively on latest evidence-based practices and current insights, Yashoda Hospitals is organizing the 4th Annual International Conference "BRONCHUS 2025". The conference is tailored for ITM sessions on procedural skills and interesting discussions and lectures on disease-specific interventions.

I hope that through this conference budding Pulmonologists will learn about prospects and professional developments in areas of current interest and gain immense expertise.

Best Regards,

Dr. G. Surender Rao
Managing Director
Yashoda Group of Hospitals

Dear Friends and Colleagues

On Behalf of the organizing committee, it is our great pleasure to invite you to the 4th International conference on Interventional Pulmonology - “BRONCHUS 2025” and to the city of pearls – Hyderabad, India - February 2025.

The Theme of the congress is “Minimally Invasive Pulmonologists meets Minimally Invasive Thoracic Surgeons - Expanding the Collaborative Horizons with synergistic collaboration.

We are proud to bring you a great synergy of expertise from internationally renowned scientists and pioneers in Interventional Pulmonology through BRONCHUS 2025. The scientific program is targeted to provide tangible benefits and networking opportunities to practicing adult and paediatric pulmonologists, residents, fellows and nurses working in Thoracic Procedural Specialities. It also provides a tremendous environment for early career members to learn about prospects and professional development activities.

This year we introduce new way of training in the form of Video Forums – where in speakers will educate the beginners with video lectures on procedural aspects leaving the conventional didactics. BRONCHUS 2025 is mentored by a host of distinguished National and International faculty with decades of experience in Interventional Pulmonology.

Hyderabad, the host city of BRONCHUS 2025. Rich in cultural heritage and history, it also offers all the possible conveniences and world-class facilities of the international metropolis that it has become today. February, with its pleasant weather, is the best time to enjoy the hospitality that the capital city has to offer.

Welcome to the “City of pearls”, Hyderabad and experience bronchoscopy at BRONCHUS 2025.

We Look forward to seeing you

Dr. Pavan Gorukanti, MD
Pulmonary & Critical Care (ABIM)
Managing Director - Yashoda Hospitals

Dr. Hari Kishan Gonuguntla, MD, DM
Congress President - BRONCHUS 2025

PROGRAMME SCHEDULE: HALL - A

DAY 1: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

07:00 - 08:00	Registration
08:00 - 08:10	Inaugural Address: Welcome Address
08:10 - 08:25	History of BRONCHUS Revisited from 2020 to 2025
08:25 - 08:35	Inauguration of ACADEMY OF BRONCHOSCOPY - Website
08:35 - 08:45	Inauguration of Indian Textbook of Interventional Pulmonology
08:45 - 08:55	Inauguration of Journal "BRONCHUS"

SESSION 1: AI IN MEDICINE - FROM REACTIVE MEDICINE TO PREDICTIVE MEDICINE

09:00 - 09:15	AI in Pulmonology Medicine - New pair of Eyes for the Thoracic Radiologists
09:15 - 09:30	AI in Pulmonary Medicine - Second pair of Eyes for the Thoracic Pathologists
09:30 - 09:45	AI, AR, VR in Bronchoscopy Training - Second pair of hands for the IP Mentors

SESSION 2: ENDOBRONCHIAL ULTRASOUND AND THE MEDIASTINUM

09:45 - 10:15 Live	Case 1: EBUS - TBNA and EUS b FNA (OR1)
09:45 - 10:15 Live	Case 2: EBUS - Cryobiopsy (OR2)

GREAT DEBATE: MEDIASTINAL LYMPH NODE SAMPLING - DO WE STILL NEED THE NEEDLES?

10:15 - 10:25	(I Favor Needle TBNA)
10:25 - 10:35	(I Favor Needle + Cryoprobe)
10:35 - 10:45	(I Don't need a needle)

PROGRAMME SCHEDULE

DAY 1: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

SESSION 3: MALIGNANT AND BENIGN TRACHEAL STENOSIS

10:45 - 11:15	Live/Recorded Case 1: Benign Tracheal Stenosis (OR1)
10:45 - 11:15	Live/Recorded Case: Malignant Tracheal Stenosis (Or2)

GREAT DEBATE: BENIGN TRACHEAL STENOSIS

11:15 - 11:35	Surgery as the 1st Line of Treatment
11:35 - 11:55	Bronchoscopy as the 1st Line of Treatment
11:55 -12:25	

CRITICAL REVIEW - WABIP GUIDELINES FOR MALIGNANT AIRWAY OBSTRUCTION

12:25 - 13:30	Lunch Break and ITM Group break up for ticketed sessions
---------------	--

SESSION 4: PLEURAL DISEASES AND INTERVENTIONAL PULMONOLOGY

GREAT DEBATE: MALIGNANT PLEURAL EFFUSION

13:30 - 13:50	Talc Pleurodesis for MPEF
13:50 - 14:10	IPC for Malignant MPEF
14:10 - 14:40	Live/Recorded Case - Medical Thoracoscopy
14:40 - 15:00	Live/Recorded Case – Indwelling Pleural Cather Placement

PROGRAMME SCHEDULE

DAY 1: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

SESSION 5: OPERATING ROOM FAILURES / DISASTERS - I DID MY BEST

15:00 - 15:20	Case 1
15:20 - 15:40	Case 2
15:40 - 16:00	Case 3

SESSION 6: THE GREAT ESCAPES IN THE OPERATING ROOM - SAVED MY DAY

16:00 - 16:15	Case 1
16:15 - 16:30	Case 2
16:30 - 16:45	Case 3

17:00 - 18:00 **SESSION 7 : BEST OF BRONCHUS 2025 - QUIZ COMPETITION**

18:00 - 19:00 **SESSION 8 : BEST OF BRONCHUS 2025 - VIDEO COMPETITION**

19:00 - 20:00 **SESSION 9 : THE GREAT INDIAN BRONCHUS IP ROAST 2025**

20:00 - 23:00 **GALA DINNER & AWARDS**

PROGRAMME SCHEDULE

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

06:30 - 07:30:	BRONCHUS 2K RUN FOR LUNG HEALTH AWARENESS
08:00 - 09:00	Registration

SESSION 1: LUNG CANCER AND INTERVENTIONAL PULMONOLOGY

09:00 - 09:15	Update on the 9th TNM Staging for Lung Cancer for the IP
09:15 - 09:30	Biomarkers for Lung Cancer Risk Stratification
09:30 - 09:45	Molecular Markers for Actional Targets in Lung Cancer - An update for the IP
09:45 - 10:00	Emerging Technologies in Lung Cancer Treatment
10:00 - 10:20	Intratumoral Therapies for Lung Cancer Treatment
10:20 - 11:20	Inaugural Ceremony

SESSION 2: HEAVY TURBULENCE IN THE PERIPHERY OF THE LUNG: PPN GREAT DEBATES

11:20 - 11:35	Robotic Bronchoscopy for all Nodules
11:35 - 11:50	Robotic Bronchoscopy for Selected Nodules
11:50 - 12:05	Digital Tomosynthesis in Peripheral Bronchoscopy
11:50 - 12:25	Manual Mapping is all I need
12:25 - 12:40	Radiation during Bronchoscopy - What an IP should know

LECTIO MAGISTALIS

12:40 - 13:00	20 years of Endobronchial Ultrasound - Experts Corner
---------------	---

PROGRAMME SCHEDULE

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

LECTIO MAGISTALIS

13:00 - 13:30	Year in Review - Interventional Pulmonology
13:30 - 14:00	Management of Airway Defects is a team effort - MDT
14:20 - 14:40	Cryoprobes are an integral part of IP Program - Critical Review on Cryotechnology in IP
14:40 - 15:00	

LECTIO MAGISTALIS TUBERCULAR TRACHEOBRONCHIAL STENOSIS - 20 YEARS OF EXPERIENCE

15:00 - 15:45	Your Case - My Experience
	Case 1 - Airway Management in Relapsing Polychondritis
	Case 2 - Airway Management in Vasculitis
15:45 - 16:15	The 3 Mistakes of My Life - Decisions gone wrong from the Experts
15:45 - 15:55	Case from Expert 1
15:55 - 16:05	Case from Expert 2
16:05 - 16:15	Case from Expert 3
16:15 - 16:35	Pulmonary Alveolar Proteinosis Doesn't end at Whole Lung Lavage - Experts Corner
16:35 - 17:20	Development Ideas for Medical Devices - Meet the SHARKS
17:20 - 17:45	The Future of Bronchoscopy - Recent developments and Technology Pipeline
17:45 - 18:00	Photo Booth
18:00 - 18:30	CLOSING REMARKS

INTERACTIVE TRAINING MODULES (ITM)

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

TICKETED SESSIONS

BRONCHUS 2025 will adopt a unique format for procedural training in the form of Interactive Training Modules (ITM), where expert faculty will help the participants gain knowledge of individual procedures in a focused environment.

Each ITM will be led by expert International and National faculty in the specified procedure.

Attendees will learn about these developments and how to put them into practice and they will have relevance for trainees, fellows and consultant specialists. This gives an opportunity for the early career members to discuss fellowship opportunities with the international faculties.

Participants can choose to attend one module at the time of registration.

ITM 1 BRONCHIAL BRANCH TRACING - MANUAL MAPPING OF AIRWAYS ON-DEMAND COURSE

Limited to 50 participants with pre-registration

Pre-course material and case details will be e-mailed to be loaded on to the laptop.

Personal Laptop is a mandate for this Module.

ITM 2 AIRWAY STENTING - STATE OF THE ART

Limited to 30 participants with pre-registration

Pre-course material will be mailed to the registered participants

ITM 3 NAVIGATION BRONCHOSCOPY and RADIAL EBUS

Limited to 30 participants with pre-registration

Pre-course material will be mailed to the registered participants

VBN + Radial EBUS technical aspects and Procedure - step by step

INTERACTIVE TRAINING MODULES (ITM)

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

ITM 4 CONVEX EBUS TBNA - STATE OF THE ART

Limited to 30 participants with pre-registration
Pre-course material will be mailed to the registered participants
Simulation + Live/Recorded Case Demonstrations

ITM 5 EUS B - FNA (ON DEMAND COURSE)

Limited to 15 participants with pre-registration
Operating room Live Procedural Training for registered participants
Course material will be mailed to the registered participants

ITM 6 MEDIASTINAL CRYOBIOPSY (ON DEMAND COURSE)

Limited to 15 participants with pre-registration
Operating room Live Procedural training for registered participants
Course material will be mailed to the registered participants

ITM 7 CERTIFICATION FOR BRONCH NURSES AND TECHNICIANS

Limited to 50 Operating / Bronch room staff with pre-registration
Cleaning/Disinfection, maintenance of scope and damage control
Course material will be mailed to the registered participants

ITM 8 THORACIC ULTRASOUND AND GUIDED PROCEDURES - STATE OF THE ART

Limited to 30 participants with pre-registration
State of the art Thoracic Ultrasound training for registered participants
Most attended ITM in the last BRONCHUS 2023

INTERACTIVE TRAINING MODULES (ITM)

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

ITM 9 BRONCHOSCOPY FOR BEGINNERS - BEGINNERS GUIDE TO BRONCHOSCOPY STATE OF THE ART

Limited to 40 participants with pre-registration

Must attend ITM for those beginning to learn bronchoscopy from the basics

Pre-course material will be mailed to the registered participants

ITM 10 BRONCHOSCOPY IN THE ICU AND AIRWAY MANAGEMENT

Limited to 40 participants with pre-registration

State of the art modules with extensive detail on ICU bronchoscopy and difficult airway management

Pre-course material will be mailed to the registered participants

ITM 11 PEDIATRIC BRONCHOSCOPY - ON DEMAND

Limited to 40 participants with pre-registration

One of the most attended ITM in the previous episodes

Pre-course material will be mailed to the registered participants

ITM 12 PLEURAL PROCEDURES - STATE OF THE ART

Limited to 30 participants with pre-registration

Includes complete spectrum of pleural procedures ranging from Thoracentesis, Thoracoscopy to IPCs

Pre-course material will be mailed to the registered participants

ITM 13 CRYO and ELETCSURGERY

Limited to 30 participants with pre-registration

Pre-course material will be mailed to the registered participants

PROGRAMME SCHEDULE: HALL - B

DAY 1: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

TIME	TOPIC
09:30 - 10:00	Keynote address The future of Thoracic care - Expanding the collaborative horizon with synergistic collaboration between Interventional pulmonologist and Thoracic surgery
10:00 - 10:20	Challenges in Thoracic surgery in Asia (East vs West)
10:20 - 10:40	Handling tubercular adhesion during VATS
10:40 - 11:00	Surgical challenges during thoracic surgery referral for mucormycosis
11:00 - 11:40	COMPLEX TB AIRWAY STENOSIS <ul style="list-style-type: none"> • Patient selection for surgery • Intra op and post op challenges • Handling complication following surgery • Role of IP - Experts opinion
11:40 - 12:30	Management of Tracheal-bronchial Injuries - MDT
12:30 - 13:00	Lunch
13:00 - 15:00	Live uniportal VATS workshop
13:00 - 15:00	Standard VATS workshop
13:00 - 15:00	Live uniportal RATS workshop
13:00 - 15:00	ECMO cannulation workshop
15:00 - 16:30	Abstract and poster presentation
19:00 - 21:00	Gala dinner with Best paper Awards

PROGRAMME SCHEDULE: HALL - B

DAY 2: BRONCHUS ASIA 2025- ASIA'S LARGEST INTERVENTIONAL PULMONOLOGY CONGRESS

TIME	TOPIC
09:00 - 09:20	Bronchoscopy for Thoracic Surgeons
09:20 - 10:00	LUNG VOLUME REDUCTION FOR EMPHYSEMA <ul style="list-style-type: none"> • Surgeons Perspective • IP Perspective
10:00 - 10:45	LUNG CANCER
10:00 - 10:15	Challenges of Lung cancer screening in Asia
10:15 - 10:30	Lung cancer in 2024: Medical Oncologist Perspective
10:30 - 10:45	Surgical management of screening detected Lung nodules - Sub lobar resection - Segmentectomy versus wedge resection?
10:45 - 11:00	SBRT for Lung cancer: An update
11:00 - 11:30	LECTIO MAGISTLAIS: 30 YEARS OF LUNG TRANSPLANTATION - SURGICAL JOURNEY
11:30 - 12:00	LECTIO MAGISTLAIS: 30 YEARS OF LUNG TRANSPLANTATION - MEDICAL JOURNEY
12:00 - 12:30	LECTIO MAGISTALIS: PULMONARY ENDARTECTOMY - an experience of over 1000 + cases
12:30 - 13:00	30 YEARS OF THORACIC SURGERY: 3 MISTAKES TO REMEMBER AS AN EXPERT
13:00 - 13:20	Glotto and Sub Glotto resection and reconstruction
13:20 - 13:40	Carinal resections and sleeve pneumonectomy
13:40 - 14:00	Tracheal transplantation and lesson learnt
14:00 - 14:40	PANEL DISCUSSION: 1: Treatment of Benign Tracheal Stenosis
	Case 1: Clear Endoscopic indication
	Case 2: Clear surgical indication
	Case 3: Controversial case
14:40 - 15:00	Management of Complex Chest Wall Traumatic Injuries
15:00 - 15:30	Surgical management of pectus deformity and sternal elevation techniques
15:30 - 15:50	HITHOC following Mesothelioma Surgeries
15:50 - 16:10	Surgery for Thymic Disorders
16:10 - 16:35	Thoracic Surgeries Involving the Esophagus
16:35 - 17:00	ECMO as a bridge to Thoracic Surgeries
	TRAINING MODULES
	Rigid Bronchoscopy and Airway Stenting for Thoracic Surgeons
	Management of Prolonged Air leaks

4th Annual International Conference

A circular graphic with a light beige background. It features a laurel wreath on the left side. In the center, the text "BEST OF BRONCHUS VIDEO CONTEST" is displayed. "BEST OF" is in blue, "BRONCHUS" is in white on a dark blue rectangular background, and "VIDEO CONTEST" is in blue. At the bottom right of the circle, there is a stylized illustration of a bronchoscope.

BEST OF BRONCHUS VIDEO CONTEST

BEST IP VIDEO & IMAGE CHALLENGE

Chance to
showcase
your best
with the best.
Are you game?

PRIZES

BEST IP VIDEO

- 1st Best - Flexible Bronchoscope
- 2nd Best - Medical Thoracoscope
- 3rd Best - Set of Disposable Cryprobes

BEST IP IMAGE

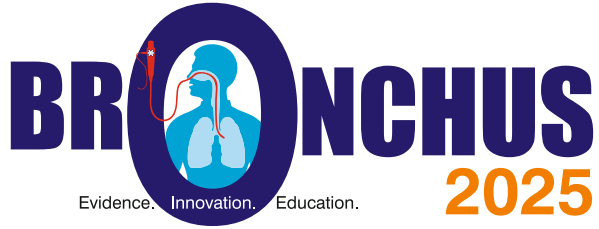

- 1st Best - (Set of 3) Acquire EBUS TBNA Needles
- 2nd Best - Set of CRE Dilatation Balloons
- 3rd Best - (Set of 2) Foreign Body Snares
