

**2017 Pediatric Annual Congress Of Chinese Medical Doctor Association
& Interventional Pulmonology Division of Qilu Forum of Children's Medical Development
& 5th Pediatric Bronchoscopy Forum Of Spring City
July 13th-15th, 2017 Jinan • Shandong**

Part1: First Workshop of Pediatric Bronchoscopy Team

Date: July 13th, 2017

Venue: Endoscopy Center of Qilu Children's Hospital of Shandong University

08:00~09:00	Scene simulation of preoperative preparation	Every team works with experts watching and instructing.	
09:00~09:20	Are you prepared for building an endoscopy center?	Jin Rong	Guiyang Children's Hospital
09:20~09:40	Equipments and room layout for bronchoscopy of level 3	Shi Yongsheng	Gansu Provincial Maternity and Child-Care Hospital
09:40~10:00	When to choose sedation, local and general anesthesia? How to prepare the anesthetic?	Wang Shaochao	Qilu Children's Hospital of Shandong University
10:00~11:00	Scene simulation of foreign body removal	Every team works with experts watching and instructing.	
11:00~11:20	Importance of equipments maintaining	Ren Jinlu	Qilu Children's Hospital of Shandong University
11:20~11:40	Equipments combination in bronchoscopy	Zhong Lili	Hunan Provincial People's Hospital
11:40~12:00	Experience in foreign body removing	Meng Fanzheng	The First Hospital of Jilin University
12:00~13:00	Lunch		
13:00~14:00	Scene simulation of bronchoscopic biopsy	Every team works with experts watching and instructing.	

14:00~14:20	Thoracentesis	Ma Jing	Qilu Children's Hospital of Shandong University
14:20~14:40	Application of resuscitator bag and cardiopulmonary resuscitation	Zhang Zhongxiao	Qilu Children's Hospital of Shandong University
14:40~15:00	How to deal with emergency in bronchoscopy	Meng Chen	Qilu Children's Hospital of Shandong University
15:00~16:00	Scene simulation of airway clearance in patients with tracheal intubation	Every team works with experts watching and instructing.	
16:00~16:20	The skill in removing endogenous bronchial foreign body	Jiao Anxia	Beijing Children's Hospital
16:20~17:30	Scene simulation review	Experts comment on the scene	
17:30~18:00	Take pictures together		
18:00~19:30	Dinner		
Notice	Part 1 is dedicated to the endoscopy team of beginning and aims to regulate bronchoscopy of level 3 and ensure medical safety. Team members must meet the demand of bronchoscopy of level 3. Every team consists of endoscopist, nurse and anesthetist. We accept 8-10 teams according to the time of register.		

Part 2: Hands-on Workshop of Rapid On-site Evaluation(ROSE)

Date: July 13th, 2017

Venue: Endoscopy Center of Qilu Children's Hospital of Shandong University

18:00~21:00	Hands-on training of TBLB under the guide of ROSE	Feng Jing The General Hospital of Tianjin Medical University
	Hands-on training of ultrafine hairbrush under the guide of ROSE	
Notice	No limitation in the quantity of attendees. Hands-on training on animal model, including tissue smear, staining and microscopic examination.	

**Part 3: 2017 Pediatric Annual Congress of Chinese Medical Doctor Association
& Qilu Forum of Children's Medical Development**

Sponsor : Chinese Medical Doctor Association(CMDA), Pediatric Division of CMDA

Organizer: Qilu Children's Hospital of Shandong University

Date: July 14th, 2017

Venue: Nan Jiao hotel

08:00~12:00	2017 Qilu Forum of Children's Medical Development	
12:00~13:30	Lunch	

Part 4: Interventional Pulmonology Division & 5th Pediatric Bronchoscopy Forum Of Spring City

Date: July 14th-15th, 2017

Venue: Nan Jiao Hotel

2017.7.14 13:30~18:00

13:30~14:30	Establishment of Endoscopy Committee, Pediatric Division of Chinese Medical Doctor Association		
14:30~14:50	Component of bronchoscope and Anatomy orientation in bronchoscopy	Liu Xicheng	Beijing Children's Hospital
14:50~15:10	Indication, complication and application of bronchoscopy	Meng Chen	Qilu Children's Hospital of Shandong University
15:10~15:30	Procedure of bronchoscopy and prevention of complication	Meng Fanzheng	The First Hospital of Jilin University
15:30~15:50	Building of endoscopy center	Zhong Lili	Hunan Provincial People's Hospital
15:50~16:10	Olympus satellite symposium: pediatric respiratory endoscope	Meng Chen	Qilu Children's Hospital of Shandong University
16:10~16:30	How to grab image of bronchoscopy and write a report	Huang Yan	Dalian Children's Hospital

16:30~16:50	Prevention of severe hemoptysis relevant to bronchoscopy	Li Qiang	The First People's Hospital Affiliated to Shanghai Jiao Tong University
16:50~17:10	Combination of vascular intervention and airway intervention	Yang Haiming	Beijing Children's Hospital
17:10~17:30	Application of laryngeal mask	Wang Shaochao	Qilu Children's Hospital of Shandong University
17:30~17:50	Application of rigid bronchoscope	Huang Haidong	Changhai Hospital Affiliated to the Second Military Medical University
17:50~18:10	Application of thoracoscope	Zhou Hongmei	Zhongshan Hospital Affiliated to Guangdong Medical University
18:10~18:30	Application of electronic navigation and EBUS-GS	Zhong Changgao	Endoscopy Center of Guangzhou Institute of Respiratory Disease
18:30~20:30	Dinner		

2017.7.15 08:00~18:00

08:00~08:40	Diagnosis and treatment of congenital airway malformation with endoscope	Lorenzo Mirabile	Meyer Children's Hospital
-------------	--	------------------	---------------------------

08:40~09:20	Diagnosis and treatment of laryngopharyngeal reflux	Lorenzo Mirabile	Meyer Children's Hospital
09:20~09:50	Diagnosis and treatment of Piro syndrome	Shen Weimin	Nanjing Children's Hospital
09:50~10:30	Be aware of accidental airway injury	Mohammad Ashkan Moslehi	Shiraz University School of Medicine
10:30~11:10	Diagnosis and treatment of vascular ring	Marco.Pozzi	Meyer Children's Hospital
11:10~11:50	Surgical treatment of congenital airway malformation	Marco.Pozzi	Meyer Children's Hospital
11:50~12:20	Respiratory rehabilitation	Zheng Zeguang	Endoscopy Center of Guangzhou Institute of Respiratory Disease
12:30~13:30	Lunch		
13:30~14:00	Building of pediatric airway team	Meng Chen	Qilu Children's Hospital of Shandong University
14:00~14:30	Treatment of laryngomalacia	Lionel Donato	Hôpital Pellegrin-Enfants, Bordeaux, France
14:30~15:00	airway stenting in pediatric	Lionel Donato	Hôpital Pellegrin-Enfants, Bordeaux, France
15:00~15:30	Laryngeal stridor \neq laryngomalacia	Meng Chen	Qilu Children's Hospital of Shandong University

15:30~16:00	Tracheotomy and airway management	Meng Fanzheng	The First Hospital of Jilin University
16:00~16:30	Airway change after tracheal intubation	Zhong Lili	Hunan Provincial People's Hospital
16:30~17:00	Special airway foreign body removing	Mohammad Ashkan Moslehi	Shiraz University School of Medicine
17:00~17:30	Special manifestation under bronchoscopy	Chen Dehui	Endoscopy Center of Guangzhou Institute of Respiratory Disease
17:30~18:30	ROSE and respiratory Etiology analysis	Giuseppe Marciano	Siena University Hospital, Italy
18:30~19:30	Dinner		

**Part 5: Endoscopic Nursing Technology and Administration Workshop of Interventional Pulmonology Division
& 5th Pediatric Bronchoscopy Forum Of Spring City**

Date: July 14th-15th, 2017

Venue: Nan Jiao Hotel

2017.7.14 13:30~18:00

Live demonstration and instruction of endoscope washing and disinfection in Qilu Children's Hospital of Shandong University, watching pediatric respiratory endoscopy

2017.7.15 08:00~18:00

08:00~08:30	Opening, take pictures		
08:30~09:20	Interpretation of regulation of flexible endoscope washing and disinfection (2016)	Wang Qin	Chang Hai Hospital Affiliated to the Second Military Medical University
09:20~10:00	Nursing for children with hemoptysis	Li Deli	The First Hospital of Jilin University
10:00~10:10	Questions and answers		
10:10~10:50	Quality control standard of pediatric nurse in bronchoscopy	Han Xiaorong	Qilu Children's Hospital of Shandong University
10:50~11:30	Instruction of home nursing for children with asthma	Zhang Yingying	Affiliated Hospital of Jining Medical University
11:30~12:10	Experience of collecting sample in bronchoscopy	He Ying	Endoscopy Center of Guangzhou Institute of Respiratory Disease
12:10~13:20	Lunch		
13:30~14:00	Perioperative nursing in bronchoscopy	Shi Chong	Qilu Children's Hospital of Shandong University
14:00~14:30	Warning in laser therapy	Ren Jinlu	Qilu Children's Hospital of Shandong University
14:30~15:00	Hospital infection prevention and control in endoscopy center	Li Juan	Qilu Children's Hospital of Shandong University

15:00~15:20	Tea break		
15:20~15:50	Emergent management of common complications in bronchoscopy	Wang Xinxin	Qilu Children's Hospital of Shandong University
15:50~16:20	Application of forceps in endoscopy	Liu Wenjing	Qilu Children's Hospital of Shandong University
16:20~17:00	Nursing experience of a child with bedside mechanical ventilation	Liu Wenjing	Qilu Children's Hospital of Shandong University
17:00~17:20	Questions and answers		
18:00~19:30	Dinner		

**Part 6: Laser Therapy Workshop of Interventional Pulmonology Division
& 5th Pediatric Bronchoscopy Forum of Spring City**

Date: July 16th, 2017

Venue: Qilu Children's Hospital of Shandong University

08:00~08:30	Application of laser therapy in bronchoscopy	Meng Chen	Qilu Children's Hospital of Shandong University
8:30~10:30	Scene simulation of laser therapy in airway space-occupying lesion and prevention of complications	Meng Chen	Teams perform in turns.
	Debugging of equipment	Li Juan	

	Cooperation of anesthetist	Wang Shaochao	
	Cooperation of endoscopist and nurse	Li Juan	
10:30~11:30	Exam		
12:00~13:00	Lunch		
13:00~16:00	Operation training		
demands	We only accept 8 to 10 teams for training. Every team must have undertaken endoscopy for 3 to 5 years and consist of endoscopist, nurse, anesthetist.		

**Part 6: Medical Thoracoscopy Workshop of Interventional Pulmonology Division
& 5th Pediatric Bronchoscopy Forum Of Spring City**

Date: July 16th, 2017

Venue: Qilu Children's Hospital of Shandong University

08:00~08:30	Application of medical thoracoscopy	Zhou Hongmei	Zhongshan Hospital Affiliated to Guangdong Medical University
08:30~10:30	Scene simulation of Pleural adhesion stripping and pleural biopsy with medical thoracoscope and prevention of complications	Zhou Hongmei	Teams perform in turns.
	Debugging of equipment	Wang	

		Xinxin	
	Cooperation of anesthetist	Wang Lei	
	Cooperation of endoscopist and nurse	Wang Xinxin	
10:30~11:30	Exam		
12:00~13:00	Lunch		
13:00~16:00	Operation training		
demands	We only accept 3 to 5 teams for training. Every team must have undertaken endoscopy for 3 to 5 years and consist of endoscopist, nurse, anesthetist.		

**Part 8: Hands-on Workshop Interventional Pulmonology Division
& 5th Pediatric Bronchoscopy Forum Of Spring City**

Date: July 16th, 2017

Venue: Qilu Children's Hospital of Shandong University 南郊

Group 1: basic knowledge of respiratory endoscopy, operating and teaching together: 1. Introduction of respiratory endoscope, components, equipments 2. Anatomy orientation in bronchoscopy	Instructor	Affiliation
	Wang Chao	Qilu Children's Hospital of Shandong University

3. Introduction of basic bronchoscopy skill	Liu Shuaishuai	Qilu Children's Hospital of Shandong University
Group 1: hands-on training of level 3 bronchoscopy on animal model: 1. Bronchoscopy 2. Mucus biopsy 3. Mucus brush 4. Lavage	Instructor	Affiliation
	Yang Haiming	Beijing Children's Hospital
	Zhang Zhongxiao	Qilu Children's Hospital of Shandong University
Group 3: hands-on training of deep bronchial foreign body removal on animal model 1. Application of forceps 2. Application of basket	Instructor	Affiliation
	Wang Yongjun	Gansu Provincial Maternity and Child-Care Hospital
	Zhang Li	The First Hospital of Jilin University
Group 4: hands-on training of level 4 bronchoscopy on animal model: 1. Balloon dilation 2. Cryotherapy	Instructor	Affiliation
	Huang Han	Hunan Provincial People's Hospital
	Wang Lina	The First Hospital of Jilin University
Group 5: hands-on training of level 4 bronchoscopy on animal model: 1. Electrocoagulation 2. Argon Plasma Coagulation	Instructor	Affiliation
	Ma Jing	Qilu Children's Hospital of Shandong University
	Chen Min	Guiyang Children's Hospital

roup 6: 1. Hands-on training of laryngeal mask on human model 2. Hands-on training of tracheal intubation on human model Hands-on training of rigid bronchoscope insertion on human model	Instructor	Affiliation
	Wang Shaochao	Qilu Children's Hospital of Shandong University
	Wang Lei	Qilu Children's Hospital of Shandong University
Live Video Transfer of Procedure Bronchoscopy, Bronchoalveolar Lavage, Mucosal Biopsy, Laser Therapy, Balloon Dilation, Cryotherapy, Airway Stent Implantation, et al.
