1st ANNUAL SCIENTIFIC MEETING OF AMRITA BRONCHOLOGY & INTERVENTIONAL PULMONOLOGY

ABIP 2018
OCTOBER 27th & 28th

ORGANIZING COMMITTEE

Dr. Prem Nair
Patron

Dr. Arvind Perathur
Organizing President

Dr. Tinku Joseph
Organizing Secretary

Dear All,

On behalf of Amrita Hospitals, the Interventional Pulmonology unit & Department of Pulmonary medicine is honored and delighted to have the opportunity to host the ABIP (Amrita Bronchoscopy and Interventional Pulmonary) 2018.

From the humble beginnings of being a sub speciality taking care of the sickest - consumptive disease (Tuberculosis), the field of pulmonology has embarked on providing care of the even more sick making advances by leaps and bounds in the field of non-TB pulmonology, Intensive Care Medicine and most recently in the last 2 decades, Interventional Pulmonology (IP). Mediastinum long considered the domain of the surgeon, is now accessible by EBUS - an outpatient procedure, done by the pulmonologist. The pleural space has become very accessible to diagnosis for all those unexplained exudative pleural effusions via thoracoscopy. Airway tumors and bronchopleural fistulas are no longer an indomitable enemy for the Interventional pulmonologist. Navigational bronchoscopy has made distant peripheral lung nodules easily reachable and combining ENB with radial ebus has dramatically increased diagnostic accuracy for all these nodules.

To learn more about what is happening currently worldwide in the field of IP, we welcome one and all to a 2 day educational treat on October 27-28th 2018 at Amrita Hospital in Kochi, Kerala. At our first ABIP, we will be hosting several renowned international experts in the field of IP who will share their expertise through didactic lectures as well as hands on workshops (limited spots). This will also be a wonderful opportunity to personally meet the experts and try to seek ways to further skills if you are considering this in your future skill set. Details of future opportunities at Amrita for Interventional pulmonary courses will be unveiled as well. Come and join us at the vibrant port city of Kochi in Kerala where learning happens in midst of the coconut palms and waterways. Kochi has something for the whole family all the way from the best of contemporary to the age old authentic spice or unique Kerala handicraft shopping, the mystic boathouse cruises through the famous backwaters to mouth watering malabar cuisine as well as some of the most picturesque beaches, heritage sites and unique wild life - the coveted label of 'Gods Own Country' is justified!

We look forward to have you join us for this fantastic event. Rest assured that no stone will be left unturned to make this a memorable educational experience for all the attendees.

Conference venue:

Amritheshwari Hall

Amrita Institute of Medical Sciences Campus, Edapally, Kochi, Kerala.

INTERNATIONAL FACULTY

Dr. Adnan Majid
Chief of Interventional Pulmonary Unit,
BIDMC (Harvard), Boston, USA

Dr. Mohammed Ashkan Moslehi
Chair of World Association of Bronchology &
Interventional Pulmonology (WABIP)
– Paediatric section.
Director of Paediatric Interventional Unit,
Shiraz University Of Medical Sciences, Iran

Dr. Chakravarthy Reddy
Director of Interventional Pulmonary Unit,
University of Utah, Salt Lake City, USA

Dr. Jamalul Azizi
Chairman of MABIP
Director And Chief of Interventional Pulmonary Services,
Serdang Cardiothoracic Centre, Malaysia

Dr. Anantham Devanand
Director of Interventional Pulmonology,
Singapore General Hospital, Singapore

NATIONAL FACULTY

Dr. Naseer Yusuf. MS, MCH	Consultant Thoracic Surgeon, Chest Hospital Calicut
Dr. Harikishan. MD, DM	Consultant Interventional Pulmonologist, Yashodha Hospital, Secunderabad.
Dr. Prathibha Singal. MD	Consultant Interventional Pulmonologist, Bombay Hospital, Mumbai.
Dr. Ameer K.A. MD	Consultant Interventional Pulmonologist, KIMS Hospital, Trivandrum.
Dr. P.T. James MD	HOD, Dept. of Pulmonary Medicine, Amrita Hospital, Kochi.
Dr. Arvind Perathur. MD, AB (Pulmonary & Critical Care)	Chief of Interventional Pulmonology Unit, Amrita Hospital, Kochi
Dr. Tinku Joseph. MD, DM	Consultant Interventional Pulmonologist, Amrita Hospital, Kochi
Dr. K.R Balasubramaniam. MS, MCH	Consultant Thoracic Surgeon, Amrita Hospital, Kochi
Dr. Ajit Nambiar. MD, FRCP	Chief Pathologist, Amrita Hospital, Kochi
Dr. Asmita Mehta. MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Reshmi Jose MD, DM	Consultant Cardiac Anaesthesia, Amrita Hospital, Kochi

ADDITIONAL WORKSHOP FACULTY

Dr. Sunil Kumar. MD, DM	Consultant Interventional Pulmonologist, Aster CMI Hospital, Bangalore
Dr. Deepak T.H. MD	Consultant Interventional Pulmonologist, Kovai Medical center, Coimbatore
Dr. Nagarjuna Maturu. MD, DM	Consultant Interventional Pulmonologist, Yashodha Hospital, Hyderabad
Dr.. Jacob Baby MD	Consultant Pulmonologist, Aster Medcity, Kochi
Dr. Subin Ahmed MD	Consultant Pulmonologist, Renai Medicity, Kochi
Dr. Sobha Subramaniam, MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Akhilesh Kunoor, MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Nithya Haridas, MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Vinod Babu, MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Tajik Mohammed, MD	Consultant Pulmonologist, Amrita Hospital, Kochi
Dr. Binil Salam, MD	Consultant Pulmonologist, Kochi

SCIENTIFIC PROGRAMME DAY-1 (27th OCTOBER)

NO:	TOPIC	TIME	SPEAKER
1	Respiratory Anatomy for the Interventionist; Airway and Mediastinum	09.00-09.25 AM	Dr. Prathibha Singhal
2	Subtleties of Procedural Sedation: Bronchoscopy suite	09.25-09.40 AM	Dr. Asmita Mehta
3	Back to basics - BAL, Brushings, Biopsy	09:55-10.15 AM	Dr. Ameer K.A
	Inauguration of Amrita IP Fellowship Programs TEA Break	10.15-11:00 AM	
4	Linear EBUS: Know your tool & when and how to nail the mediastinum	11.00-11.25 AM	Dr. Chakravarthy Reddy (USA)
5	Why EBUS? Case based clinical relevance	11.25-11.45 AM	Dr. Arvind Perathur
6	EBUS-: Importance of specimen handling and slide preparation	11:45 -12.05 PM	Dr. Ajit Nambiar
7	Radial EBUS: Technicalities and making a case for a broader use	12.05- 12.30 PM	Dr. Anantham Devanand (Singapore)
8	Pediatric airway foreign bodies: A fairy tail end and catastrophe averted in the right hands.	12.30- 01.00 PM	Dr. Mohammed Ashkan Moslehi (Iran)
9	Indwelling Pleural catheters – A literature review	01.00 -01.20 PM	Dr. Chakravarthy Reddy (USA)
	LUNCH BREAK	01.20-02.00 PM	
10	Medical Thoracoscopy: How far can a pulmonologist go?	02.00-02.15 PM	Dr.Harikishan
11	VATS: Key hole view into the surgeon's world.	02.15-02.30 PM	Dr.Balasubramaniam
12	IP Training programs (Talk to the Experts)	02.30-03.00 PM	Panel Discussion: Dr. Adnan Majid Dr. Jamalul Azizi Dr. Chakravarthy Reddy Dr. Mohammed Ashkan Dr. Anantham Devanand

TEA BREAK:

03.00-03.20 PM

HANDS ON WORKSHOP

STATION	TOPIC	FACULTY
A	Bronchopulmonary segmental anatomy	Dr. Deepak TH Dr. PT James Dr. Subin Ahmed Dr. Sobha Subramaniam Dr. Akhilesh .K.
B	Linear EBUS – Skill Lab	Dr. Adnan Majid Dr. Jamalul Azizi Dr. Sunil Kumar Dr. Jacob Baby
C	Radial EBUS – Skill Lab	Dr. Anantham Devanand Dr. Tinku Joseph
E	Indwelling Pleural catheters	Dr. Chakravarthy Reddy Dr. Arvind Perathur
F	Flexirigid Thoracoscopy	Dr. Prathibha Singhal Dr. Asmita Mehta
G	Rigid Thoracoscopy	Dr. Hari Kishan Dr. Vinod Babu Dr. Binil Salam
H	Techniques of airway foreign body removal	Dr. Mohammed Ashkan Dr. Nithya Haridas Dr. Tajik Mohammed

SCIENTIFIC PROGRAMME DAY-2 (28th OCTOBER)

NO:	TOPIC	TIME	SPEAKER
1	Sedation in the OR to support Interventional pulmonary services	08.45- 09.05AM	Dr. Reshmi Jose
2	The Art of Rigid Bronchoscopy: Do's and Don'ts for the novice	09.05-09.25AM	Dr. Anantham Devanand (Singapore)
3	How to 'tame' a dragon: The Central Airway tumor	09.25-09.45AM	Dr. Adnan Majid (USA)
4	Looking for the ideal Airway Stent: Physician skill vis a vis what's needed?	09.45-10.05AM	Dr. Chakravarthy Reddy (USA)
	TEA BREAK	10.05-10.20AM	
5	A glimpse into Pediatric Airway Disease: Tools and Options	10.20-10.40AM	Dr. Mohammed Ashkan (Iran)
6	Navigate the lung maze to reach 'Where no man has gone before'	10.40-11.00PM	Dr. Anantham Devanand (Singapore)
7	'Tissue is the Issue' Cryobiopsy – Indication & Techniques	11:00-11.20PM	Dr. Tinku Joseph
8	Live case – A) Transbronchial Cryobiopsy	11.20-12.10PM	Dr. Jamalul Azizi Dr. Arvind Perathur
9	A challenge to the inhalers regime in Asthma: Is Bronchial Thermoplasty the answer?	12.15-12.40PM	Dr. Adnan Majid (USA)
10	Shrink the non-functioning lung: Bronchoscopic LVRS	12.40- 01.05 PM	Dr. Jamalul Azizi (Malaysia)
	LUNCH BREAK	01.05-01:45 PM	
11	Evolving role of the Thoracic Surgeon with IP coming of age.	01.45 -02.00 PM	Dr. Naseer Yousuf

DAY 2-: HANDS ON WORKSHOP

STATION	TOPIC	FACULTY
A	Rigid bronchoscopy: Technical aspects	Dr. Tinku Joseph Dr. Sunil Kumar
B	Airway stenting	Dr. Chakravarthy Reddy
C	Cryobiopsy	Dr. Arvind Perathur
D	Electrocautery, Argon Plasma coagulation and Laser	Dr. Adnan Majid Dr. Deepak TH
E	Tracheal & Bronchial Balloon Dilatation	Dr. Mohammed Ashkan
F	Navigation bronchoscopy	Dr. Anantham Devanand
G	Bronchial Thermoplasty	Dr. HariKishan Dr. Nagarjuna Maturu
H	Bronchoscopic LVRS	Dr. Jamalul Azizi

COURSES OFFERED UNDER ABIP

COURSES	DURATION
Interventional Pulmonology Fellowship	1 Year
Linear EBUS Hands on training program	3 Months
Basic Bronchoscopy Hands on training program	1 Month
USG Chest & Guided procedures	2 Weeks

For more details please visit ABIP stall at the conference venue.
