## **March 16th Section 1 Establishment Ceremony of APIPA**

## **March 16th Section 2 Basic Knowledge of Respiratory Endoscopy**

1. Category and Technical Principle of Respiratory Endoscope
2. Structures and Functions of Respiratory Endoscope (Flexible and Rigid Bronchoscope, Thoracoscope)
3. Anatomical Orientation of Respiratory Endoscope (video)
4. Diagnostic Value of Bronchoscopy
5. Interventional Treatment with Bronchoscopy (video)
6. Diagnostic Value of Thoracoscopy
7. Indications of Pediatric Bronchoscopy (2017)
8. Complications and Preventional Regimen of Bronchoscopy
9. Analysis of Missed Diagnosis and Misdiagnosis with Bronchoscopy
10. Complications and Preventional Regimen of Thoracoscopy
11. Complications and Preventional Regimen of Rigid Bronchoscopy

## **March 17th Section 3 Respiratory Endoscopy and Multidisciplinary Collaboration**

1. Respiratory Endoscopy in ICU
2. Respiratory Endoscopy in Neonatal Department
3. Respiratory Endoscopy in Cardiovascular Surgery
4. Respiratory Endoscopy in Thoracic Surgery
5. Respiratory Endoscopy in ENT Department
6. Anesthesia in Respiratory Endoscopy
7. Respiratory Endoscopy in Gastroenterology
8. Respiratory Endoscopy and Pulmonary Rehabilitation

## **March 17th Section 4 Training Program of Interventional Pulmonologists**

1. Training Program of Pediatric Interventional Pulmonologists in China
2. Training Program of Pediatric Interventional Pulmonologists in Iran
3. Training Program of Pediatric Interventional Pulmonologists in Italy

## **March 18th Section 5 Hands-on Workshops (Silicone and Animal Models)**

1. Basic Procedure of Bronchoscopy
2. Bronchoscopic Lavage and Retrieve
3. Bronchoscopic Application of Forceps
4. Bronchoscopic Foreign Body Removal
5. Bronchoscopic Balloon Dilatation
6. Bronchoscopic Thermal Treatment (Electrocautery, Argon Plasma Coagulation, Laser )
7. Basic Procedure of Thoracoscopy
8. Laryngoscopy and Tracheal Intubation
9. Thoracocentesis
10. Application of Resuscitation Bag
11. Oxygen Inhalation Through Nasal Tube
12. Application of Laryngeal Mask
13. Application of T-Branch Pipe in Ventilator
- 14. Cleaning, Disinfection and Maintenance of Respiratory Endoscope**
- 15. Anesthesia Practice**
